SET PLAY SUCCESS

Yvette's practical session will explore how coaches can use game play scenarios to understand key netball principles. Examples include using 'sets' 'broken play-weaves' and 'combinations' that are easy to understand and apply in a team environment. The workshop will provide coaches with tools and techniques that will add intensity at trainings and emphasize the correct use of fundamental skills in a tactical setting. The workshop will also demonstrate how activities can be modified to meet key coaching objectives. This workshop is suitable for Netball Coaches at the Community and Performance Level: Year 7 and above.
